Vision: The soft touch of vintage charm in a romantic garden setting. The Franklin House was chosen for its history and ambience.

Unique Elements: Vintage items and antiques borrowed from friends and family were used to create a personal setting in the garden.

Décor: Family wedding photos were displayed on several vintage doors. Chandeliers and mason jars with candles were hung from trees. Vignettes of vintage wedding veils, hats and gloves added to the ambience. Tables were adorned with antique sterling silver tea services and champagne buckets were filled with flowers.

Wedding Flowers: Bouquets consisted of old-fashioned garden mix including garden roses, hydrangea, amaranthus, dahlia and mini callas.
